

Selection Guidelines

It is incumbent on the selectors and their appointed 'Chairperson' to efficiently view all games ensuring the best possible squad / team is selected.

This does not mean all selectors must see every minute of every match during the Selection Event.

It is important for selectors to have down time. Therefore the 'Chairperson' is to coordinate viewing of games by one or more of the selectors.

The entire selection panel shall meet at least once a day at the Selection Event to discuss their findings.

If the panel cannot reach a majority verdict on the final selections, the casting vote shall go to the Coach of the respective Team.

The 'Chairperson' has the responsibility for ensuring that the Final Squads / Teams are submitted in the appropriate format to the Athlete Development Coordinator at Hockey Queensland by the due date.
